Know About Note Swift

Note Swift is a Nepali EdTech platform built to make quality education accessible, affordable, and future-ready for students under the NEB curriculum. We provide a complete digital learning ecosystem with handwritten notes, live online classes, PYQs, mind maps, flashcards, formulas, assignments, and smart tools through our website and mobile app. Note Swift is designed to be a one-stop academic solution for Nepali students who want clarity, confidence, and consistency in their studies.

We Stand Out Because

We blend traditional teaching values with modern technology. Our focus is not just on finishing the syllabus, but on building strong concepts and real understanding. With experienced and passionate educators, Note Swift ensures every student, regardless of background or location, gets equal access to quality learning. We believe education should be empowering, practical, and inclusive.

Our Key Focus Areas

Note Swift's primary focus is supporting NEB students with reliable, exam-oriented, and easy-to-understand resources. From daily live classes to structured notes, previous year questions, formulas, and revision tools, we streamline preparation into one simple platform. Our mission is to make learning smarter, not harder, and help students stay ahead academically.

What Makes Us Different

Note Swift delivers a complete, student-first learning experience. We combine handwritten-style notes with digital convenience, live interaction, and affordable pricing. Unlike traditional platforms, we are deeply aligned with Nepal's education

system and student needs. Our approach is practical, localized, and impact-driven, ensuring students don't just study to pass, but study to grow.
